4RIVERS CONSULTANTS FIRM

Accessibility Statement

Effective Date: 1 August 2026	Last Updated: 1 August 2026
Website: https://4riversconsultants.com	Company: 4Rivers Consultants Firm

Implementation note: This is designed for website publication but must be reviewed by qualified legal counsel and updated to match the website's actual forms, cookies, analytics, advertising tools, payment systems, email platform, data-retention practices, and business location before launch.

Our Commitment

4Rivers Consultants Firm is committed to providing a website that is accessible to the broadest possible audience, including people with disabilities. We view accessibility as an ongoing responsibility and an important part of delivering respectful, usable, and inclusive digital experiences.

Accessibility Standard

We aim to align the website with the Web Content Accessibility Guidelines (WCAG) 2.2, Level AA, where reasonably achievable. These guidelines address accessibility through four principles: content should be perceivable, operable, understandable, and robust.

Measures We Intend to Take

- Use structured headings, logical reading order, descriptive page titles, and meaningful link text.
- Provide text alternatives for informative images and identify decorative images appropriately.
- Support keyboard navigation and visible keyboard focus.
- Maintain appropriate color contrast and avoid relying on color alone to communicate meaning.
- Use readable typography, responsive layouts, scalable text, and sufficient spacing.
- Label forms clearly and provide understandable instructions and error messages.
- Provide captions, transcripts, or other alternatives for time-based media when applicable.
- Test key pages, forms, menus, downloads, and interactive features during development and after significant updates.
- Train content contributors and web administrators on accessible publishing practices.
- Address accessibility issues identified through testing or user feedback.

Current Conformance Status

The website is being designed and maintained with WCAG 2.2 Level AA as the target. Unless and until an independent accessibility audit confirms full conformance, this statement should not be interpreted as a certification that every page, document, feature, or third-party component fully conforms.

Known Limitations

Some third-party tools, embedded content, archived materials, PDFs, or documents supplied by others may not be fully accessible. We will seek reasonable alternatives or remediation when an issue is identified and is within our control.

Compatibility

The website is intended to work with current versions of commonly used browsers, operating systems, and assistive technologies. Older or unsupported technologies may not provide the same experience.

Accessibility Feedback and Assistance

If you encounter an accessibility barrier, need information in an alternative format, or require assistance completing a website function, please contact us. Include the webpage address, a description of the issue, the assistive technology and browser used when relevant, and the format or assistance requested.

- Accessibility Email: 4RiversConsultant@gmail.com
- Telephone: 757-716-7041
- Mailing Address: 1004 College Ave, #41; Fredericksburg VA 22401
- Website: https://4riversconsultants.com

We aim to acknowledge accessibility inquiries within two business days and to provide a substantive response or reasonable next step as promptly as practicable.

Third-Party Content

Links to or integrations with third-party platforms are governed by those providers. We welcome notice of third-party accessibility barriers encountered through our website so that we can evaluate available alternatives or raise the concern with the provider.

Ongoing Improvement

Accessibility is an ongoing process. We may update this statement as the website, standards, technology, and our accessibility practices evolve.
